

MNL Match vs Wakefield

Well what happened...? Our 5th MNL match was at HOME against Wakefield last evening. MNL last evening was against last year's top of the table Wakefield at HOME

Moortown WON 4-2

In brief:

Wakefield is possibly the friendliest club in England and lurking under that is a tough competitive drive to win. Moortown was looking beautiful in the evening light and it was playing long too. From what I heard David played solid golf producing an emphatic win, David feels his short game is much stronger now after his year away in America. I think he looks bigger and stronger too, a real formidable force now. Andy played well but the rub of the land was against him, if it could go wrong it did, it was one of those nights for him. My match went swimmingly and I couldn't have had a more pleasant time in the company of Neil Kinghorn, a super chap, the real deal. I don't think he missed a fairway and his short game was deadly.

Thank you to Iain Esplin, Bill Mutch, Judy Owens and John Lane for your loyal support as always, you guys do make a huge difference.

Stuart 'Super Chef' Scott and his glamorous assistant Cath produced an outstanding after match dinner was once again, there wasn't a nutritional calorie of evidence left after all of us chomping piranhas had finished.

A super evening enjoyed by all.

A good result for us from a tough side. Long may this continue for Moortown.
